

## GRANBURY DENTAL CENTER

**BRUCE B. BAIRD, D.D.S.**

**A**chieving a smile that is both healthy and beautiful can be a life-changing experience. As a premier dentist in the Dallas/Fort Worth area, Bruce B. Baird, D.D.S., has used his expertise as a reconstructive and cosmetic dentist to change the lives of many and to gain national and international recognition.

**KNOWLEDGE** Since graduating from the University of Texas Dental School, Dr. Baird has been dedicated to the education of both himself and others. He has accumulated more than 3000 hours of continuing education in dentistry and currently teaches courses at the University of Texas at San Antonio and Baylor Dental Schools. Dr. Baird also lectures nationally and internationally about dental technology, cos-

### **CHANGING LIVES THROUGH KNOWLEDGE, EXPERIENCE, STATE-OF- THE-ART TREATMENT, TECHNOLOGY, AND COMPASSION.**

metic dentistry, dental implants, reconstruction, and communication skills. He has also developed several new dental devices and techniques and is a consultant for several dental companies.

**EXPERIENCE** With a strong commitment to comprehensive care, Dr. Baird specializes in cosmetic makeovers, full mouth rehabilitation, and both surgical placement and

restoration of dental implants. Dr. Baird's level of skill is reflected by his numerous affiliations, including recognition as an Honored Fellow of the American Academy of Implant Dentistry, the oldest and most prestigious dental implant organization in the country. He has also been recognized as a Diplomate of the International Congress of Oral Implantology, a Fellow of the Academy of General Dentistry and is a member of numerous other organizations.

#### **STATE-OF-THE-ART TREATMENT AND TECHNOLOGY**

Dr. Baird uses the latest in technology to provide only state-of-the-art treatment for his patients. Treatments in the office range from single visit crowns using the CEREC 3D, a machine that uses CAD/CAM technology to produce a crown or onlay restoration in a single visit, to treatment of gum disease using the PeriLase, a dental laser which treats gum disease with no cutting, bleeding or sutures. They also offer single-visit, one-hour Zoom teeth whitening.

**COMPASSION** In 1985, Dr. Baird opened Granbury Dental Center and has devoted his career to improving the quality of life of his patients by constantly striving to provide only the best in dental

care. Dr. Baird and his highly skilled staff understand that a dental visit can be intimidating. By educating their patients and providing sedation dentistry, they are able to create a relaxing environment which helps their patients feel at ease during any general, cosmetic and even implant dentistry treatment. Dr. Baird and his entire staff pride themselves on providing stress free dental care.
